Municipal Notes

COUNCIL NEWS

As the leaves turn colour and temperatures begin to get colder, we can start to feel that winter is on its way. We hope everyone is enjoying the last bit of nice weather we have left before the next season begins! Dump hours have officially changed for the season. The new hours are posted in this Messenger and can also be found on our website under Waste Disposal.

We would like to welcome back Andrea Hatton to the Municipality! Andrea has decided to come back to her former position as the Backup Operator at the Water Treatment Plant.

November is a month we take time to reflect, thank, and honour those who have served and continue to serve our Country. On November 11th, Remembrance Day, we will be having a ceremony at the cenotaph in Vermilion Bay and hope that you can attend. Without the courage of our veterans, we would not be where we are today. Let's not forget.

We had a productive month in October for progressing current projects like the Vermilion Bay North Cemetery and former CP Property. For the cemetery project, we issued a Request for Proposal for the surveying work to be completed. From this RFP, we accepted the proposal from TBT Engineering and are excited that we continue to move forward on this project. For the former CP Property, Council accepted a proposal from Pinchin Environmental Engineering to complete a Phase 1 Environmental Site Assessment and file a Record of Site Condition. When this is completed, we will be one step closer to having the site development ready.

Council would like to take this opportunity to thank municipal staff for their support and contribution over the last four years in helping make our term successful in many ways. We have enjoyed working with residents as we all try to grow the great community we live in, thank you! We'd like to give a big thank you to Ron Kujansuu

for his dedication to the Municipality and his last 12 years of service on Council! Thank you to Garry Parkes for his time and effort in bettering the community with our previous Council. Congratulations to this year's candidates on their success in the election! The following were elected:

Mayor: Gordon Griffiths

Council: Ray Pilkey (Incumbent), Dennis Peterson (Incumbent), Tony Blair, Greg Swanson.

Thank you to everyone who submitted their name. The new Council will take the reins on November 15th at 6pm at the Special Council meeting at the Municipal Office!

Economic Development:

I was able to have a virtual meeting with the district planner for the Ministry of Northern Development, Mines, Natural Resources, and Forestry Dryden District to talk about our Ely Lake project. They informed me of certain areas of our proposal that need to be more elaborated on as well as areas that need to be directly changed. One of these areas is the issue of the Langton Township Road access point. The Ministry of Transportation will not allow this development to occur unless the Municipality assumes ownership of this road for which the lots would front; something the Municipality does not want to do. This will continue to be a battle but it is something we do not want to budge on. I'd like to remind residents that so far this development has cost no money, only Council and municipal staff time. We will not follow through with this project if the benefits do not outweigh the costs; something we are monitoring as the project progresses.

We recently found out that we were declined funding through the Ontario Government for accessibility upgrades to our municipal office. Disappointing to hear but something we are not giving up on. At the beginning of November, we applied through the small projects stream of the Enabling Accessibility Fund (Federal Fund) for close to \$100,000 for accessibility improvements at our office. We hope we are successful with this application; applications like these are vital as they cut costs and help us make mandatory improvements.

Lastly, we are still looking for volunteers to join the Eco-

conomic Development Committee! As mentioned before, the committee will meet close to once a month and discuss current projects and future projects/ideas. Meeting minutes will be made available to the public to promote transparency and keep everyone up to date.

Max Nagy, EDO

Recreation:

I have great news to share with everyone; we have partnered with Dryden Native Friendship Centre and are hosting programs 3 days out of the month at the Eagle River Rec Centre. This will bring in some revenue to help with the costs of our beautiful Rec Centre. November we will be seeing a Merchandise Bingo on the 9th, Diabetic Clinic on the 23rd and a Women's Circle on the 24th. These programs are free to the public and everyone is welcome. There is a free art class on the 10th with Helen Grymalowski. We will be painting wine bottles at The Happy Go Lucky Seniors Centre. The Lions are having a pancake breakfast November 12th at The Eagle River Rec Centre. Armchair travel is still on. We will be having a luncheon on the 17th of November and we will be going to the North Pole. Also, a reminder, Free Yoga at the Happy Go Lucky Senior Centre November 1st, 8th, and the 29th. Busy, busy, busy, but that's how I like it! Keep up the good work everyone. I can't thank the community enough for such great support.

Carman Brignall, Recreation Facilitator

Public Works:

We were able to take advantage of the last bit of nice weather in October and fill as many potholes as we can before the snow comes. We are going to prepare for another early winter this year and take the time at the beginning of November to put on our snow removal equipment. We'd like to point out that you are **NOT** allowed to deposit snow or ice on the roadway as it is illegal!! Doing this can lead to serious accidents as well as damage to vehicles and equipment. Hopefully the winter is not as harsh as last year but we will do our best to prepare for it if it is!

Woodland Arena:

We are happy to say that the ice was put in at the beginning of November and the Fall Rut Tournament is starting November 4th. Please refer to our online booking system which is located on our website under Woodland Arena for the weekly schedule. We will also be updating our schedule on our new Woodland Arena Facebook page. Weekly schedules will show public skating, pick up hock-

ey, and any rentals that are booked at the arena that week. A Big Thank You to Tony Blair, Gordie Tourond, and the Kinsmen for their help in getting the ice in.

Woman in the Workplace:

For this month's edition of Woman in the Workplace, we want to showcase Joyce Gardner and Horseshoe Connection! Joyce has lived in Northwestern Ontario most of her life and grew up in Eagle River. Growing up on a farm, horses have always been in and out of Joyce's life; however, it wasn't until her youngest daughter started riding horses that they became a renewed passion for Joyce. Joyce moved to Minnitaki in 2012 and started Horseshoe Connection in 2017. Horseshoe Connection offers Equine Assisted Learning (the first facility in Treaty #3), group and individual Western Riding Lessons and Special Events with their horses. In addition to providing life skills development\mental health services and team building sessions working with the horses, Joyce is a distributor and provides BEMER (Bio Electro Magnetic Energy Regulation) services, a non-invasive micro circulatory program for both horses and humans. Equine Assisted Learning (EAL) is an objective driven, experiential program working with horses that has proven to be effective, powerful, positive, educational, and creative. We encourage you to check out the Horseshoe Connection website at: <https://www.horseshoeconnection.com/> and their Facebook page to learn more! A big thank you to Joyce for her diligent work and allowing our community to have services offered by Horseshoe Connection in our area.

MESENTER DEADLINE Submissions for the Machin Messenger must now be in by the **LAST WEDNESDAY** of the month, by noon. **The deadline for the December issue will be November 30.**

Send your submissions to pilmar@sympatico.ca, subject line "Machin Messenger". Ads will need to be pre-paid prior to insertion in the Messenger.

Please note that there are price changes for ads. Call the Municipal Office for details.

MESENTER ADS:

If you wish to advertise in the Machin Messenger, please call the Municipal Offices at 227-2633 to find out the charge for your ad. Ads will need to be pre-paid.

Property Owners in Vermilion Bay with Aqua Flow units are reminded to turn them on to prevent your water from freezing. Please ensure that they remain on until the middle of April. Should you have any questions please call Shawna Alberts at 227-2064.

Thank you to everyone who supported me in the recent Municipal election. I look forward to working with the new council and fellow Machin residents, to continue to make our community a great place to live.

Ray Pilkey

Need a Ride to Dryden?

Try Out Our Seniors Bus.

This is a Door to Door Service – you do not have to worry about parking or walking. We drop you off right at the door of your medical appointment or essential shopping and return to pick you up.

The cost is \$10.00 per person to ride to and from Dryden on Tuesday or Thursday. Should you have mobility issues both getting on and off the bus or shopping and carrying your items, thanks to the Happy Go Lucky Seniors Club they have provided funding for an Assistant to ride on the bus to help with these issues. Please call the Municipal Office at 227-2633 to book your ride or if you have any questions.

You do not have to be a senior to use this service. Any adult can ride, however seniors do come first for this service.

Thumbs up 👍 👎 Thumbs down

Thumbs up 👍 a big thank you to those who attended the work party on Oct 15th at the Woodland Arena.

Thumbs up 👍 to the United Church for the very delicious lunch that was served at the HGLS center on October 17th.

Thumbs up 👍 to all the people who took the time to come out and vote .. Thank you.

PLEASE JOIN US AT THE VERMILION BAY CENOTAPH ON NOVEMBER 11TH AT 11 A.M. TO PAUSE IN REMEMBRANCE FOR THOSE WHO FOUGHT FOR OUR FREEDOM.

NOVEMBER 6, 2022

**Change Your

Time: 6:00 pm

Where: Council Chambers, Municipal Office

Everyone is Welcome to come watch as the new Council is Sworn in. Coffee and time for pictures will be available after the swearing in and before proceeding with the meeting.

JUST A COMMON SOLDIER
(A Soldier Died Today)
by A. Lawrence Vaincourt (1987)

He was getting old and paunchy and his hair was falling fast,
And he sat around the Legion, telling stories of the past.
Of a war that he had fought in and the deeds that he had done,
In his exploits with his buddies; they were heroes, every one.

And tho' sometimes, to his neighbours, his tales became a joke,
All his Legion buddies listened, for they knew whereof he spoke.
But we'll hear his tales no longer for old Bill has passed away,
And the world's a little poorer, for a soldier died today.

He will not be mourned by many, just his children and his wife,
For he lived an ordinary and quite uneventful life.
Held a job and raised a family, quietly going his own way,
And the world won't note his passing, though a soldier died today.

When politicians leave this earth, their bodies lie in state,
While thousands note their passing and proclaim that they were great.
Papers tell their whole life stories, from the time that they were young,
But the passing of a soldier goes unnoticed and unsung.

Is the greatest contribution to the welfare of our land
A guy who breaks his promises and cons his fellow man?
Or the ordinary fellow who, in times of war and strife,
Goes off to serve his Country and offers up his life?

A politician's stipend and the style in which he lives
Are sometimes disproportionate to the service that he gives.
While the ordinary soldier, who offered up his all,
Is paid off with a medal and perhaps, a pension small.

It's so easy to forget them for it was so long ago,
That the old Bills of our Country went to battle, but we know
It was not the politicians, with their compromise and ploys,
Who won for us the freedom that our Country now enjoys.

Should you find yourself in danger, with your enemies at hand,
Would you want a politician with his ever-shifting stand?
Or would you prefer a soldier, who has sworn to defend
His home, his kin and Country and would fight until the end?

He was just a common soldier and his ranks are growing thin,
But his presence should remind us we may need his like again.
For when countries are in conflict, then we find the soldier's part
Is to clean up all the troubles that the politicians start.

If we cannot do him honour while he's here to hear the praise,
Then at least let's give him homage at the ending of his days.
Perhaps just a simple headline in a paper that would say,
Our Country is in mourning, for a soldier died today.

Carbon Monoxide Awareness Week, November 1-7 Beat the Silent Killer: Prevent CO in Your Home

In Ontario, more than 65% of injuries and deaths from CO occur in the home.

You must have a working carbon monoxide alarm adjacent to each sleeping area of the home if your home has a fuel-burning appliance, a fireplace or an attached garage. For added protection, install a carbon monoxide alarm on every storey of the home according to manufacturer's instructions. Fuel-burning appliances can include furnaces, hot water heaters, gas or wood fireplaces, portable fuel-burning heaters, generators, barbeques, stoves and vehicles.

What is Carbon Monoxide (CO)?

- CO is known as the silent killer because it is an invisible, tasteless and odourless gas that can be deadly.
- CO is produced when fuels such as propane, gasoline, natural gas, heating oil or wood do not burn completely in fuel-burning appliances and devices.

Prevent CO in your home:

- Ensure fuel-burning appliances, chimneys and vents are cleaned and inspected annually.
- Check that all outside appliance vents are not blocked.
- Gas and charcoal barbeques should only be used outside, away from all doors, windows, vents, and other building openings. Never use barbeques inside garages, even if the doors are open.
- Portable fuel-burning generators should only be used outdoors in well-ventilated areas away from windows, doors, vents and other building openings.
- Ensure all portable fuel-burning heaters are vented properly, according to manufacturer's instructions.
- Never use the stove or oven to heat your home.
- Open the flu before using a fireplace for adequate ventilation.
- Never run a vehicle or other fueled engine or motor inside a garage, even if the garage doors are open.

Know the symptoms of CO:

- Exposure to CO can cause flu-like symptoms such as headaches, nausea, dizziness, as well as confusion, drowsiness, loss of consciousness and death.

continued on next page

continued from page 8

- **If your CO alarm sounds, and you or other occupants suffer from symptoms of CO poisoning, get everyone out of the home immediately. Then call 9-1-1 from outside the building.**
- **If your CO alarm sounds, and no one is suffering from symptoms of CO poisoning, check to see if the battery needs replacing, or the alarm has reached its "end-of-life" before calling 9-1-1.**

Know the sound of your CO alarm:

- Your CO alarm sounds different than your smoke alarm. Test both alarms monthly and make sure everyone in your home knows the difference between the two alarm sounds.

Don't be confused by the sound of your CO alarm's low-battery warning. Follow your CO alarm manufacturer's instructions so you know the difference between the low-battery warning, the "end-of-life" warning, and the alarm alerting you to the presence of CO in your home.

Testing and Replacing CO alarms:

- Test CO alarms every month by pressing the test button.
- Replace batteries every year.
- Replace CO alarms according to manufacturer's instructions.
- It is against the law to remove the batteries or tamper with CO alarms in any-way.

For more CO safety tips and to find a registered contractor, visit COsafety.ca. Contact Machin Volunteer Fire and First Response to receive a smoke/CO alarm, a home fire escape plan, fire safety information, to volunteer at the department, or any other questions: Facebook or Instagram: @machinfire – email: machin-fire@bellnet.ca – mail: PO Box 249, Vermilion Bay, ON P0V 2V0

Lillian Berg School

It is almost the end of October and we anticipate winter on our doorstep at any day!

On a beautiful day, September 30th, we held our Walk for Wenjack—this walk is a time to reflect on Chaney Wenjack and his journey, and to reflect on Residential Schools and the impacts they continue to have to this day. Classes from Dryden’s St. Joseph’s School and New Prospect School joined our students for the walk as well as several community members and Eric Melillo MP. The walk started at the McIntosh IRS Memorial site and finished at Lillian Berg— 30 km. On Thursday before the walk, we were joined by special guests from the Dryden Native Friendship Centre for an education circle, games, and smudging. Everyone walked as far as they could, with many students walking 20+ km. Twelve students mad the full 30 km! We would like to thank Ms. Elliott, the retired teachers, KPDSB Dryden Board Office, parents and community members and businesses, Machin Fire Department and the OPP for helping to keep students hydrated and for encouragement and safety on this journey.

Several members of Dryden’s Ice Dog Hockey Team came for a surprise visit to hand out FREE season passes to Ice Dog home games in Dryden for students in grades 1-6. It was great to have our students included in their efforts to be known as a part of the local communities.

We are very grateful to our local Vermilion Bay Co-op for accommodating our needs to make the “School Milk Program run smoothly. About a quarter of students are signed up to receive milk at lunchtime. We also implemented a “Hot Lunch Program” which happens every Thursday. We aim to engage Grade 7-8 students in this program, to gain life skills, leadership and career-oriented experiences as part of their career focused Pathway Program.

Kindergarten and primary students enjoyed creating fall crafts made with natural materials found in our precious back yard and are now looking forward to some spooky Halloween activities. Our hallway displays are beautifully decorated with their art work.
